DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claims 2-3, and 43-44 are rejected under 35 U.S.C. 102(b) as being anticipated by Bolanos. See paragraph 2 of the office action dated May 16, 2005. Claims 43-44 are substantially similar in scope to previously rejected claims. Note discussion in the response to arguments section below.

Claim Rejections - 35 USC § 103

3. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.
4. Claims 13-14, 16, and 19 rejected under 35 U.S.C. 103(a) as being unpatentable over Bolanos. Please refer to paragraph 4 of the above cited office action.

Allowable Subject Matter

5. Claims 33-42 are allowed.

Response to Arguments

6. Applicant's arguments filed 10/3/2007 have been fully considered but they are not persuasive. Examiner respectfully disagrees with the assertions set forth by the Applicant. Furthermore, Examiner respectfully points out that although Applicant has amended claims to include portions extending in a perpendicular direction, the claims that have been rejected require *one of* a female connector and male connector. In view of the broad language, Bolanos still reads on the claimed limitations. As broadly construed, Bolanos teaches a 'button'.

Conclusion

7. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
